GERMANY

DEAR Mother & John

It is quite a while now since I got your last letter, but time is going by so fast, and we are still going to the square dances and I go to a few shows and bingo's. Bill is away now, ~~last~~ went to Bertrix Belgium last Mon. to fix the fire truck down there, he may be home this week end. How are you and John? Fine we hope, We are pretty good except for a cold or two. Bill went off with a cold, and the two boy's have one, we are having such rainy weather now, and some quite hot day's so no wonder there are colds. Have you got spring out there now? I guess you should have by now. Most all of the gardens are up now, and the flowers have been blooming now for the last four months.

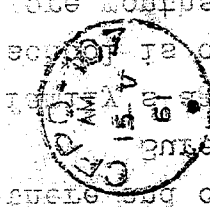

I have been doing some sewing, made Robbie two pairs of pajamas and me a dress and skirt, knitted Gregory a hat for these cold windy day's. We went to 3 wing not to long ago to a square dance graduation there, was nice we are having a square dance party here and inviting all the other wings to it on the 3rd of June for our last dance untill Sept.

There was a car accident here not long ago a Can. women driving a Frence car hit her killing two small children and two women are quite badly hurt, there has been 18 Can's. killed at that same place since the station opened 10 years, I got my old glasses on now Gregory broke my other ones today out on the cement ~~steps~~ steps, I was told there was a good place in Rastatt to get them, some we know got theirs there and can speak English.

Sure will be nice for you all to see Betty and Marg. and family's again, did you hear when they are coming yet? ~~IN~~ In July when school is out maybe. It will be half way for us here soon in four more months in Sept.

I take the boy's in for there polyno needle Gregory's 3rd and Robbie's 4th. And they sure do need a hair cut too. We just had our birthdays again for an other year and got a few nice things. Robbie is looking for a party this year, he remembered one that he went to last year and has been asking for one since, hope it's a nice day so they can be out most of the day.

We will be going to England later on this summer, On the May 24th week end we might go on a camping trip with a few from here, that is if a Bill isn't working. Are there any new calves yet? Now many cows do you have now? I'm listening to the radio and going very good at this letter so better close, but will thank you for the last Westlock News we got not long ago, yes they are getting to be a little news in them now, but there are so many ~~that~~ names that are so new to me, must be a lot of new family's there now. Must sign off for now and go to bed soon.

LOVE TO ALL FROM ALL HERE
